OBJECTIVES:

- **Promote Research Culture:** Encourage faculty and students to engage in research activities, publish papers, and participate in conferences.
- **Facilitate Research Projects:** Provide funding, resources, and administrative support for research projects.
- **Enhance Research Skills:** Organize workshops, seminars, and training sessions to improve research methodologies, proposal writing, and data analysis techniques.
- **Manage Research Grants:** Disburse funds, monitor project progress, and ensure compliance with funding agency regulations.
- **Foster Interdisciplinary Collaboration:** Bring together experts from different disciplines to address complex challenges and foster innovation.
- **Expose Students to Recent Developments:** Provide opportunities for students to learn about new technologies through innovative project works and paper presentations.
- **Develop Skilled Manpower:** Facilitate exchange of information and interaction between research institutes, industries, and the college to develop skilled manpower in various engineering fields.
- **Enhance Knowledge and Capabilities:** Support research proposals and acquire funds from renowned agencies to enhance the knowledge and capabilities of students and faculty.

FUNCTIONS:

- **Administer Research Programs:** Monitor and coordinate research activities, including conducting research review meetings.
- **Identify Research Areas:** Identify potential research areas in various disciplines and form faculty into clusters based on their specialization.
- **Secure Funding:** Prepare and submit proposals to government agencies and other funding sources for research projects.

- **Encourage Multidisciplinary Research:** Promote interdisciplinary research internally and externally.
- **Promote Publications and Conferences:** Encourage faculty and students to publish research papers in reputed journals and participate in conferences.
- **Scrutinize Student Project Proposals:** Review student project proposals and recommend them for funding.
- **Develop Strategies for Funding:** Develop and coordinate strategies to maximize faculty success in gaining external research funding.
- **Promote Ethical Research:** Promote and uphold ethical standards in research.
- **Disseminate Research Findings:** Organize seminars, conferences, and symposiums to share research findings.
- **Assist in Securing External Funding:** Help faculty and students secure external research funding and grants.
